

## Technical Data Sheet

### Item

---

Name	Lignosulphonates technical powder
Synonyms	Do not have
Cas number	8061-51-6
Grade	Sodium Lignosulphonate

### Application

---

Concrete, Cement mortar plasticizer and Fluidizer

### Packaging

---

Big bags net weight 500-570 kg

### Specifications

---

Parameter	Specification
Appearance	Powder from light brown to dark brown
Mass fraction of lignosulphonate (Dry), %, Min	92
Mass fraction of PH, Min	4
Mass fraction of reducing substances, %, Max	7.5
Mass fraction of basic substances, %, Min	66
Mass fraction of Ash content, %, Max	21
